HUNDREDS ENJOY SUDBURY CANADA DAYS

Hundreds of persons flocked to the Moses Mason Museum and its grounds for the third annual Sudbury Canada Days Aug. 14-15.

Theme of the two day event was "Old Time Pastimes" selected to focus on the heritage of the last 200 years with a wide variety of events.

Bethel was known as Sudbury Canada from 1688 to 1798 since soldiers from Sudbury, Mass., had been granted land in the wilds of Maine by the Commonwealth of Massachusetts for service in the campaign to Conquer Canada in 1690. The name identifies the town in Massachusetts from which they came and the military exploit in which they participated.

Kicking off events was the firing of a cannon by John B. Head. Following this introduction the flower show opened with over 70 exhibits in the Dr. Moses Mason House and adjoining meeting room. This was arranged by Barbara Herick Brown and Gertrude Hutchins. Also beginning at this time were craft exhibitors/dem-

onstrators: Robert Grover, stained glass; Jane Grover, spinning; Hutchinson Bros., instant ancestor photographs; Grace Buck, huck weaving; Albert Skillings/Timothy Korhonen, blacksmithing; Marjorie Cummings, hooking; Agnes Haines/Nancy Mercer, chair caning; Floribel Haines, knitting; Cathy Newell/Agnes Haines, basketmaking; Ruth Wright, quilting; Pat Bennett, quilting; Jean Bass, weaving.

Also beginning at 1 p. m. was continued on Page Four

FROM THE
bethel town office

The victims of crimes experience a wide range of biting after effects and emotions. Fear, anxiety, guilt at being singled out as the recipient of unpleasant acts and hatred are but a few that crime victims must deal with. Recent incidents and episodes including some reoccurring problems, in and about Town have left a mark on all of us, victims and interested citizens alike. Certainly there is nothing representing a crime wave, but these events are new to us and are quite bothersome. This is the first of a three part series profiling Bethel's Police Department to provide essential information to our citizens concerning the Town's law enforcement service.

In general, police have the responsibility to protect the rights of all people and preserve the basic peace of the entire community. In addition to crime control and law enforcement, numerous activities relating to calls for assistance involving complaints of a personal or interpersonal nature make demands on police time and manpower. Also, it has been well established that the success or failure of any incident investigation and subsequent prosecution often depends upon the availability of pertinent and relevant physical evidence and statements. It is fair evidence and statements. It is fair continued on Page Eight

How can I ever thank all my friends, readers, and others, for the beautiful cards, gifts and flowers sent to me while at the Hospital.

To my wonderful doctors and nurses, for the love, care and other kindnesses shown me, I owe a world of thanks.

And to "Zeke" the old Crab, all the love and affection one can give anyone. Although a Crab, she was an angel in disguise.

The early morning star, was the "Pussy willow man," who always came with a smile and a joke.

A special thanks, to all the nurses, etc., who helped me get better.

God Bless them all,
Eva Yates

North Paris

Eveline B. Vatcher, Corres.

Has Fall arrived already? The nights seem like fall and the days are an hour and a half shorter already. It must be cool at the beaches nights and mornings. No place for me.

Joe Vatcher has been doing some work at the community hall the past week in preparation for the monthly supper to be held on Aug. 21. We have some chairs lined up and hope to have them on hand for the supper.

The Ellingwood reunion was held at the hall Aug. 15, but haven't had a chance to get any particulars yet. They certainly had a good day.

Bobby Faulkingham and his mother, Sandra Abbott, were visiting relatives and friends in town the past week. They live in Colorado.

Callers at Lawrences: Lloyd Huntley, Arnold Coffin, Mr. and Mrs. Joe Vatcher and Jeff, Sharon Felt and Jenny, Sandra Faulkingham and Bobby, Golden, Colo. Mr. and Mrs. Eddie Heikkinen and friend.

Mr. and Mrs. Ellsworth Lawrence and Arnold Coffin attended a birthday supper for Jeanne Milliet at the West Paris Legion Hall, Aug. 14.

Mr. and Mrs. Joe Vatcher went to Massachusetts to see Mrs. Vatcher in the rain and it sure did rain in Massachusetts. On the way home they stopped at York Beach to call on Joe's niece and family, Mr. and Mrs. Mark Wight of Gileford, N. H. It was cold at the beach, but just right for a steamed clam supper with corn on the cob and all the fixings.

The blackberries are ready for the picking and lots of ours dried up on the bushes due to lack of water. If the frost holds off until Halloween we may possibly find a itty bitty cuke on the vines.

I inquired for Eva Yates on Sunday and was told that she might be home soon. I hope she will gain faster in her own home.

Doris Lawrence, Arnold Coffin, Eveline and Joe Vatcher attended the anniversary party for Mr. and Mrs. C. James Knights at Bryant Pond, Sunday p. m. and it was like "Old home days" to visit with all the former Pinkhookites. Mr. and Mrs. Lubert McGuire (Bessie Cushman) of Peru were present and so many of us hadn't seen them for many years, and I guess we all talked at once. It is good to catch up once in a while.

The weather man said this morning that today would be the hottest day for the month so far and I guess we can stand it. Maybe a tomato will start to ripen.

Sunday River

Jeanne Fleet, Corres.

Descendants of Robert and Bertha Bean held a picnic Aug. 15 at the farm in Sunday River. There were 39 members and three visitors from Newry, Bethel, Lewiston, Portland, Maine; New Hampshire, Massachusetts, Connecticut and New Jersey. A good time was had by all.

Mr. and Mrs. Fred Johnson and Brad, of Bethel, called on the Fleets and Harthornes one evening.

Mr. and Mrs. Bryce Yates, Mr. and Mrs. Charlie Jackson of Virginia, traveled to Montreal, Can., for a day.

Mr. and Mrs. Robert Russell of Westwood, Mass., were at their home for the week end.

Floyd Verrill and nephew, and Ralph Verrill were at the Verrill cottage for a few days.

Mr. and Mrs. Gabe Harrington and Brad traveled to Portland and visited with Mr. and Mrs. Hal Fournier and children.

Mr. and Mrs. David Fleet visited Julia Fleet at Ledgeview nursing home and found her doing well.

"Go Shoes" came home Saturday morning in the Bethel Ambulance, and is slowly mending.

How can I ever thank all my friends, readers, and others, for the beautiful cards, gifts and flowers sent to me while at the Hospital.

To my wonderful doctors and nurses, for the love, care and other kindnesses shown me, I owe a world of thanks.

And to "Zeke" the old Crab, all the love and affection one can give anyone. Although a Crab, she was an angel in disguise.

The early morning star, was the "Pussy willow man," who always came with a smile and a joke.

A special thanks, to all the nurses, etc., who helped me get better.

God Bless them all,
Eva Yates

LITTLEHALE REUNION
The 62nd Littlehale reunion was held at the home of Dick and Polly Johnston in Andover with 26 members present.

A delicious meal was enjoyed of hot dishes, salads, desserts, ice cream, punch and coffee. Following dinner a game was played with Herbert Andrews the winner. Each family brought a homemade gift and several won prizes.

The business meeting was brought to order by President Dick Johnston. A moment of silence was held for departed members, especially remembered was Ted Thurston of East Longmeadow, Mass., who passed away within a few weeks of his 90th birthday.

An invitation was extended and accepted from Anne and Dave Dunham to meet with them next year in South Woodstock, N. H., on the third Sunday in August.

Officers nominated and voted on for next year were: President, Earl Andrews, of Abington, Mass., and Sec./Treas., Polly Ann Johnston of Andover, Maine.

Paris

Paris B. Vatcher, Corres. — Fall arrived already? The leaves seem like fall and the days are an hour and a half shorter. It must be cool at the times nights and mornings. No for me.

Vatcher has been doing some at the community hall the week in preparation for the weekly supper to be held on Aug. 20. We have some chairs lined up hope to have them on hand the supper.

Ellingwood reunion was held at the hall Aug. 15, but haven't a chance to get any parties yet. They certainly had a day.

Faulkingham and his wife, Sandra Abbott, were visitors and friends in town last week. They live in Colorado.

Lawrence: Lloyd Lyle, Arnold Coffin, Mr. and Mrs. Vatcher and Jeff, Sh. Felt and Jenny, Sandra Faulkham and Bobby, Golden, Colo., and Mrs. Eddie Heikkinen and son.

Mr. and Mrs. Ellsworth Lawrence and Arnold Coffin attended the weekly supper for Jeanne Mill at the West Paris Legion Hall, 14.

Mr. and Mrs. Joe Vatcher went to Massachusetts to see Mrs. Vatcher in the rain and it sure did rain in Massachusetts. On the home they stopped at York to call on Joe's niece and nephew, Mr. and Mrs. Mark Wight Gifford, N. H. It was cold at beach, but just right for a clam supper with corn and the cob and all the fixings.

The blackberries are ready for picking and lots of ours dried on the bushes due to lack of water. If the frost holds off until between we may possibly find tiny bitty cukes on the vines.

Inquired for Eva Yates on Sunday and was told that she might be home soon. I hope she will gain weight in her own home.

Oris Lawrence, Arnold Coffin, and Joe Vatcher attended anniversary party for Mr. and Mrs. C. James Knights at Bryant and Sunday p. m. and it was like old home days. To visit with all former Pinhookites. Mr. and Mrs. Albert McGuire (Bessie Shuman) of Peru were present so many of us hadn't seen them for many years, and I guess all talked at once. It is good to catch up once in a while.

The weather man said this morning that today would be the hottest day for the month so far and guess we can stand it. Maybe a rain will start to ripen.

What a foretelling rain on Monday the 9th. I drove to Durham, N. H., for the New England Lecturers Conference and believe the only way you could drive was by the tail lights of the other cars. If it hadn't been for a good navigator, Gail Butterfield, to read all the route numbers I could have been in Timbuctoo wherever that is and I'm not kidding. Marion Easter from Rumbold was with us. Well anyway, we had a delightful trip and we are supposed to have learned a lot on all phases of Lecturer's work. Maine, under the direction of our State Lecturer, Clyde Berry, put on their hour program on Wednesday afternoon which kept the audience in "stitches".

We came back over Route 16 to Fryeburg and discovered it was a lot further than Route 4 which was 96 miles. We were over 100 on 16 before we even thought we were near home. We arrived around noon Friday. Marion's daughter, Priscilla Jasud, and two youngsters, came down and picked up Marion after lunch. Another good time has passed.

Pastor and Mrs. Thomas Schroter held a picnic lunch on their lawn after church Saturday noon.

Pastor Thomas Schroter and family left Sunday for a three day stay attending a three day conference at Weld at Ministerial Retreat.

Mr. and Mrs. Arthur Andrews visited with Olive Davis Saturday afternoon and had supper with her.

Kay Billings went with Mrs. Dorothea Hooper to Ocean Park where Dorothea owns a cottage. They will stay down for a while. Kay will return Thursday.

Mrs. Carl Brooks entertained the Past Noble Grands at her farm home on Curtis Hill one day last week.

Esther Davis attended an antique car show at Norway fairgrounds Sunday. Tuesday, she had her grandchildren up so Esther, Neil and Jackie were at the round house that is being sold by the Savages for a tour of that home.

Amy, Emily, and Sarah, Madson; Mr. and Mrs. Leroy Learned, George Jr. and family, all enjoyed a Sunday dinner recently at the home of Louise Learned.

Mr. and Mrs. Leroy Thurston, Mr. and Mrs. Douglas Hodson, Frye, visited Louise Learned, Sunday evening.

MANY ALTERNATIVES IN S.A.D. 44'S ADULT EDUCATION DIPLOMA PROGRAM

The SAD 44 Adult and Community Education program offers adults who wish to complete requirements for their high school diploma a number of alternatives, including night classes, opportunities to earn credits outside regular classes through the External Credit Option program, and through preparation for the GED High School Equivalency exam. Classes will begin in mid-September, with the complete schedule to be released early in September. Any adult who intends to participate in high school completion programs this fall should contact Cathy Newell, Director of Adult and Community Education as soon as possible. Mrs. Newell may be reached at Telstar 824-2136, or at home, 824-2069.

The Society is grateful to the many people who made the event such a success including those who contributed flower exhibits and food for the supper also to Ruel Swain for the use of the trailer, to Ned Hastings, Jeff Hastings and the Hillsmen for contributing their musical talents, to all those who demonstrated their crafts, to Norris Brown for cooking the beans and to John Head for the use of his cannon.

GOLDEN JUBILEE ridden by owner Mrs. Doris French of Andover, "Jubilee" has led parades in Andover for 12 years. The golden palomino is believed to be 18 years old. He was purchased 14 years ago from Eugene Farrar of South Paris, who had bought him from a woman in Strong, who had raised and trained him for horse shows. "Jubilee" still remembers and when there are large crowds around he loves to "stret his stuff" — and when he hears music, is ready to go.

Editorial Comment

THE INCIDENT

The episode of last Halloween evening that saw the burning of a cross at Gould Academy deserves nothing but the sharpest condemnation.

The writer was not aware of the incident until nearly a week after its occurrence but apparently the news received great "coverage" in places where such choice morsels are discussed, dissected, digested and dispensed.

It is unfortunate that an incident such as this that MAY have started as a "harmless" Halloween prank, ended as an ugly situation perpetrated complete with the trappings of an organization historically biased against Blacks, Jews, Catholics, and any other groups or individuals not in their favor at the time.

We are a little disappointed that responsible spokesmen for the targets of the "nightriders", members of panels ostensibly concerned about law and order, or those affiliated with local imagery groups, did not contact the local media at the time. The temptation might be to choose one of three reasons why they did not: that the incident was merely a prank, it was of no consequence, or that there was an underlying sympathy with the action. As we said the temptation might be to choose one of the three, but we will not, choosing instead to believe, that the authorities having been notified they were waiting for the law to take its slow and winding course.

Five Bethel men, aged 20 to 26, charged with disorderly conduct are awaiting the disposition of their cases in the Maine court system.

Walking With Jesus Christ

It's a beautiful August day—the kind that inspires poets — artists and songwriters. The sound of a splashing brook — birds sing — a gentle breeze stirs the leaves — bees are buzzing — far off a skidder moans and groans — fresh air brings odors from the soft woods and we wish every day could be like this. Opening our Bible to the Book of Psalms, verses spring out — Ps. 19.

"The heavens declare the glory of God; the skies proclaim the work of his hands. Day after day they pour forth speech; night after night they display their knowledge. There is no speech or language where their voice is not heard. Their voice goes out into all the earth, their words to the end of the world."

"The law of the Lord is perfect, reviving the soul. The statutes of the Lord are trustworthy, making wise the simple. They are more precious than gold, than much pure gold, they are sweeter than honey, than honey from the comb." It finishes with vs. 14 "May the words of my mouth and the meditation of my heart be pleasing in your sight, O Lord, my Rock and my Redeemer."

Having read of the Bible this morning—prayed and set quiet for a bit—taking in the beauties of God's creation, we feel at peace and ever so close to God—"I love you, O Lord, my strength." Ps. 18-1.

There is a tender warmth and the verse comes to mind—"If I had cherished sin in my heart, the Lord would not have listened." Ps. 66 vs. 18.

How wonderful that we have a

God who forgives and then forgets our sin! Closing our eyes we relish the words of David, Ps. 18—"The Lord has dealt with me according to my righteousness; according to the cleanness of my hands he has rewarded me. For I have kept the ways of the Lord; I have not done evil by turning from my God."

David's prayer is ours—Ps. 20. "May the Lord answer you when you are in distress; may the name of the God of Jacob protect you.—May he give you the desire of your heart and make all your plans succeed. We will shout for joy when you are victorious and will lift up your banners in the name of our God. May the Lord grant all your requests."

WOODSTOCK HISTORICAL SOC. REVIEWS PAST

At last week's meeting of the Woodstock Historical Society Mary Billings presented slides on Woodstock houses with narrations on their histories by schoolchildren. The narrators did a fine job and the program was well received.

Old pictures compiled by Royden Billings were also shown as slides. Those present reminisced on the memories they evoked. Vice-President Glenn Brooks conducted the business meeting.

The Society has stationery for sale. It comes 10 in a package with envelopes. The two pictures are of the Tuttle Stage by Arlene MacKillop and the Whitman Memorial Library by Joyce Hathaway. There are also pads with 25 sheets in each of the same pictures. They are available from any Society member.

M. S. A. D. #44 Superintendent's Newsletter

Dr. Wayne F. Gersen

At a special Board meeting on Monday, Aug. 16, the Directors of S.A.D. 44 adopted seven goals for the 1982-83 school year. This is the third year that the Board has developed and adopted year long goals, which help the administrators, teachers, and other district personnel focus on the especially crucial issues facing the district.

The goals and a synopsis of each goal are listed below:

#1 — "Insure the Successful completion of the Building Improvement Plans for S.A.D. 44": In each of the past two fiscal years, the Board reach its stated goals related to the improvement of the physical plant of S.A.D. 44. At this point, future developments with regard to the physical plant in S.A.D. 44 are contingent upon the passage of the referendum with regard to the Woodstock School. The referendum for the new school construction is scheduled for Nov. 2, 1982.

#2 — "Adopt an evaluation system for determining if the minimum standards established during FY 82 are being reached by the students in S.A.D. 44." The most important curricular goal established by the Board in FY 82 dealt with the development of a set of minimum standards for student achievement in S.A.D. 44. In the coming year, the Board, again working with the teachers, administrators, and community, will identify what kind of evaluation system will be used to determine if the standards established in FY 82 are being reached by the students.

#3 — Continue the Evaluation of the Delivery of Vocational Education to secondary students in S.A.D. 44." During the past year, the Board, Administration, and Vocational Education Committee investigated alternatives to N.O.V.A. Of the goals set during the previous fiscal year, only this vocational education issue remains unresolved. Before a resolution will be reached, the Board, as a whole will carefully review and debate the merits of the alternatives to the current vocational program. This debate should be completed before the end of November.

#4 — "Evaluate the extra-curricular offerings provided for students in the district. The primary purpose of this review will be to establish a consensus among Board members, community members, parents, and students regarding the merits of each of the extra-curricular activities budgeted by the district.

#5 — "Evaluate the School Lunch Program." In March 1982, an ad hoc committee was formed to explore alternatives to the existing school lunch program offered by S.A.D. 44. After several meetings of this committee, the Directors authorized the school lunch program at Telstar to implement an "offer-versus-serve" option, which will provide students at Telstar a greater number of options. In the coming year, the school lunch committee will address several issues relating to nutrition and the impact of the "offer-versus-serve" program.

#6 — "Evaluate the use of solid fuel in the buildings of S.A.D. 44." The Buildings and Grounds Committee, in association with the various energy studies performed in the past two years, has discussed conversion to solid fuel in S.A.D. 44 buildings. No clear decision has been reached with regard to the future usage of solid fuel, however, either at the proposed Woodstock Elementary School, or at the existing buildings in the district.

CARD OF THANKS

I wish to thank all my relatives, friends, and neighbors, for the many cards, flowers, and for the assistance given to my family, during my recent stay at Stephens Memorial Hospital, and since my return home. It was very considerate and thoughtful of you all.

KURT BROWN PHOTOGRAPHY ON EXHIBIT AT LIBRARY

Currently on exhibit at the Bethel Library is a collection of photographs by Kurt Brown including portraits, landscapes and black and white still lifes.

Following graduation from Telstar Regional High School Brown was involved in a work study program at Mt. Forist Studio in Berlin, N. H. He has also taken courses in portraiture and commercial photography sponsored by the New England Institute of Professional Photography at UNH, Durham, N. H.

Brown has taught several adult education photography courses at Telstar Regional High School and NHVH in Berlin, N. H.

While a thorough analysis with regard to the use of solid fuel will be undertaken in association with Goal #1, the Board felt that conversion to alternative fuel sources should be stated as a separate goal, to emphasize its long-range importance to the district.

#7 — Assess the effectiveness of the Guidance Services, Grading System, and Course Offerings at Telstar." In the coming year, a comprehensive review of the educational program at Telstar will be undertaken to determine if the guidance services, grading system, and course offerings are best meeting the students' needs.

Before the next meeting of the Board of Directors on Aug. 30, timeliness for the accomplishment of each of these goals will be developed by the administrators and distributed to the Directors. These timeliness will be used to determine if the goals set forth by the Board have been attained, and will help the Directors establish its agenda in the year ahead.

— Mrs. Collista Morgan, Corres. —

We had a contrast of weather this last week. A day for everyone. Maybe someone chose Monday. Low, ominous clouds swept the sky, gray and chill. Fog hovered briefly. There was no sound. The wind came with the same abruptness as the clouds. Against the windows the rain hammered in the wind gusts. Trees lowered their branches at the fury of onslaught. Then down from the roof at the corner of the porch there developed a miniature waterfall, white against the green.

Inside it was safe and warm, very peaceful and quiet, a contrast to the torrential rains outside. My husband chose his favorite chair and a good book, ready for a respite from the hurrying of the weekday rush.

Some times in moment like this you have a feeling of thankfulness for home, for a refuge, when those sludding clouds make wreaths of fog low enough to touch. In the darkness you feel that your home is an island. Being a hermit isn't good, but being able to shut out the highway and withdraw for quiet reflection is what every soul demands.

Other days have been filled with either clouds or sun. The sunny ones were as golden as a daisy's eye. As I worked outside there was a smell of flower-box geraniums and new mown grass.

Clouds were bits of explosives in the land of blue sky.

Pansies were blooming in purple glory.

Hummingbirds with flashes of ruby darted bullet-like to and from the salvia and bee-balm. They seem to like the red color best. At times they would plunge at each other. I enjoyed their motions, as I busied myself preparing string beans.

Zinnias bloom in amber-orange and golden bees gathered their honey. A finch, bright yellow, flashed by. Where was it going?

Did you choose an evening? Stars were there scattered like tiny pendants on a black canvass. Fireflies flashed their tiny lamps on-off, on-off keeping time to night sounds.

Out here in the country with blooming flowers, new mown hay, and rows of green growing things, the weather fair or foul may be

SEC. 3-1. Liability of vehicle registrant: The fact that a vehicle is unlawfully parked shall be prima facie evidence of the unlawful parking of such vehicle by the person in whose name such vehicle is registered.

SEC. 3-2. Alternate penalty provision, payment schedule: Persons violating any provision of this ordinance relating to parking are subject to the general penalty provisions of Article 5. They may, however, elect, in lieu of such penalty, to pay for each violation in accordance with the following schedule: (a) Parking too near corner or crosswalk—\$3.00; (b) Double parking—\$5.00; (c) Parking left side to curb—wrong side of street—\$5.00; (d) Parking obstructing driveway, sidewalk or crosswalk—\$5.00; (e) Overnight parking (12:01 a.m. to 6:00 a.m.) November 1st to April 1st—\$10.00; (f) Parking within fifteen (15) feet of a fire hydrant unless otherwise designated—\$10.00; (g) Parking in designated prohibited zone or other designated prohibited place—\$5.00; (h) Improper entry or exit—\$10.00. Payments shall be made to the Bethel Town Office. Such payments shall in no event be construed as an enforced imposition of a fine or penalty, but on the other hand shall be construed to be an amount which an offender may voluntarily contribute toward the cost and expense of furnishing to the public a less expensive alternative method of regulating and administering traffic law violations. Notwithstanding anything contained in the foregoing, the right to the elections set forth in subparts (a) through (h), inclusive, shall expire if payment in full is not made within ten (10) business days of the date of the offense and only the general penalty shall then be applicable.

SEC. 3-3. Parking not to obstruct traffic: No person shall stop, stand, park or leave his vehicle on any street in such a manner or under such conditions so as to obstruct the free passage of other vehicles in either direction unless specifically permitted by a police officer, or so as to leave available less than twelve (12) feet of the width of the road for free movement of vehicular traffic.

The Police Chief and Public Works Director are authorized to place temporary signs prohibiting parking in such places at the scene of work as in their discretion they deem necessary to facilitate traffic and the work in

progress. Subject to the necessary exceptions provided by this section, this ordinance shall nevertheless be observed insofar as practicable.

The Police Chief may cause any vehicle so parked on any street to be moved and placed in a suitable parking space off the street, at the expense of the owner of such vehicle, and without the town being liable for any damage that may be caused by such removal. For the purpose of facilitating the removal of such snow, the Public Works Director or Police Chief may cause to be placed properly marked signs along the street as he shall from time to time deem necessary. FURBEARER HUNTING, TRAPPING SEASONS SET

Hunting and trapping seasons for furbearers for 1982 have been established by the Fish and Wildlife Advisory Council, according to Commissioner Glenn H. Manuel.

Hunting for raccoon will be open statewide from Oct. 28 to Nov. 30. Fox hunting seasons are as follows: Northern Zone, Oct. 20 to Feb. 15; Southern and Western Zones, Oct. 28 to Feb. 15.

Trapping seasons (for bobcat, coyote, fisher, fox, raccoon, otter, skunk, weasel, marten, mink and muskrat): Northern, Southern and Western Zones, Oct. 20 to Nov. 30. Zones are the same as the deer hunting zones.

Due to a marten introduction project being conducted by the department, two towns will be closed to all landset trapping this fall: T4RL, WBKPC (also known as Richardson Township), Oxford County; and T4MD, BPP, Washington County.

She also served as president and Tate House chairman of the National Society of Colonial Dames in America in Maine and for two decades has systematically researched the history of the George Tate House in Stroudwater. She is co-author of a forthcoming history, Tate House; Crown of the Maine Mast Trade.

Marguerite Rafter is described as having worked "long and hard in building Maine's historic preservation movement" and "always among the first to volunteer for another project and carry it through to a successful completion." She has served many governmental and private institutions locally and statewide in various capacities. These include the Maine Citizens for Historic Preservation, the Lincoln County Cultural and Historical Association, the Wiscasset Planning Board, the

to say, then, that the ability to respond to calls for police assistance and service is one of the most important functions of police patrol.

The 1982 Bethel Police Dept. budget totals \$27,165, or about 2% of the Town's total expenditures. The Police Chief's salary and wages paid to part-time police officers, constables, animal control officer and the school crossing guard accounts for \$21,500 and is the largest item in the Police Department's budget. Remaining funds are budgeted for police car gasoline and maintenance, operating supplies and uniforms, communications equipment maintenance, and insurance. In recent years, except for special occasions such as the purchase of a new police car, this area of the budget has remained about the same.

The Bethel Police Department is staffed by a full-time, salaried police chief, two part-time special officers and seven constables. One constable is available for assignment to duty hours along with the police chief and special police officers while the remaining constables, two of which are women, are available for service on special occasions. Special Police Officers and Constables enjoy the same police authority and responsibilities as specified by State Statutes. However, because emergencies can occur with little or no notice, constables normally live within or very near Bethel.

Around the clock police protection by on duty Bethel personnel is not permitted because of personnel and budgetary limitations. Normally an officer is on duty for one eight hour shift a day. The timing of the shift varies from day to day according to anticipated police service needs. During the summer and other periods of need, extra patrols are posted to provide foot patrols and/or increase the hours of coverage. Schedules are coordinated with the County Sheriff's Office to provide back up coverage by trained deputies when Bethel police officers are not on duty. Should additional police assistance be required to supplement local and county forces or provide service when local and county forces are not available, State Troopers may be called in. However, it should be noted that in these situations, response times are likely to be delayed because of geographic separation.

Citizens requiring police assistance should call the County Sheriff's Office Dispatcher at the emergency number 1-800-482-7433. Dispatchers are trained to take the necessary information over the phone and summon assistance on the radio communication links from Town police, county deputies and state troopers in that order. Those desiring not to have their names transmitted on the police radio may provide a telephone number to the dispatcher where they can be reached. Calls directly to the Town Office or Police Chief's residence for police assistance or to log a complaint only slow the process since the phone might not be manned or, as is the case at the Town Office, required communications links are not installed.

The next article on the Bethel Police Department will profile the Police Chief, the Special Police Officers and constables, their back-

Southern Midcoast Regional Planning Commission, the Sheepscot Valley Conservation Association, the Maine Historical Society and the Society for the Preservation of New England Antiquities.

At the Aug. 9 meeting, the Board acted to follow the requirements of Title 30 M.R.S.A. paragraph 2151 (3) that permits the Board of Selectmen to adopt ordinances "regulating the operation of vehicles in the public ways and on publicly owned property." This action came after several public hearings on the subject during the past two years. Copies of the proposed ordinance will be placed before the meeting for general discussion prior to proceeding with Board action on the ordinance. However, personal copies of the ordinance are available at the Town Office and may be obtained upon request.
